Directions for knitting

The leggings are worked from the bottom up. The pattern has instructions both for working in the round on double-pointed needles and back and forth in straight needles, if this is preferred.

Special abbreviation and techniques

M1 (increase): Make 1. Increase one stitch by lifting the chain between sts onto the left needle and knitting it through the back loop. **Skp (decrease):** slip 1 stitch, knit the next stitch, pass the slipped stitch over the knit one.

Turning stitch (short rows): Pull the yarn up and over the right needle, slip the first stitch on the left needle as if to purl. Pull the working yarn away from yourself, so the stitch (now on the right needle) is pulled backward, creating a "double stitch". Keep the tension in the yarn while working the next stitch.

When working the "double stitch" on the next row of round, work the stitch as one stitch.

Finishing

Sew the inseam using mattress stitch (if the legs were worked back and forth). Weave in the ends. Gently wash the finished pants and lay it flat on a towel to dry.
